

Prohibited Items (Items not allowed)

- Fencing/Borders
- Statues
- Glass Objects/Vases
- Eternal Lights
- Rocks
- Permanent Planting
- Oversized Decorations (i.e. large crosses, large plaques, etc.)
- Permanent Structures other than an approved monument purchased and set through monument dealer.

Any other objects that may pose a danger or safety hazard to our maintenance machines, workers, surrounding visitors, or structures.

For further detail, please see signs posted throughout the cemetery.

The cemetery reserves the right to remove any items, without warning, that may pose a hazard or violate our rules and regulations. The cemetery is not responsible for lost, stolen, or damaged decorations and we do not take complaints for such matters.

Monuments/Headstones

When purchasing a grave site in the cemetery, you are only purchasing the ground. The cost of the ground **DOES NOT** include the cost of the foundation. Every monument/marker/headstone that is erected in the cemetery must have a foundation, which is to be paid for to the monument dealer where you are purchasing your monument. We **WILL NOT** accept advance payment of foundation fees; the fee must be submitted by your monument dealer.

We **DO NOT** permit monuments to be purchased online. The cemetery **WILL NOT** place a monument on the grave site. We advise that you place your order through a local reputable monument dealer. Before placing an order for a monument have the monument dealer call the cemetery to verify the size and style requirements for section in which the monument/marker/headstone will be erected. The cemetery is not responsible for inaccurate information given to you by the monument dealer or funeral director. It is your ultimate responsibility to check and verify accuracy.

Temporary Markers

Currently, the cemetery approves temporary grave markers to be placed on a grave site. They must be a typical temporary grave marker and may only stay on the grave for up to one year beyond the date of death. The cemetery is **NOT** responsible for lost, stolen, or damaged temporary markers. The cemetery is **NOT** responsible for temporary markers that are put on the wrong grave site (as family members generally place the markers without knowing the exact grave location or move them due to confusion of where their grave is located). We advise the lot owner to purchase a permanent monument in order to assure they are visiting the proper grave site. The cemetery reserves the right to ban temporary markers at any time.
